

# CRIMINAL JUSTICE

Bachelor of Arts (B.A.) – Catalog Year 2025-2026

## FOR TRANSFER STUDENTS

### PROGRAM OVERVIEW

As an academic discipline, Criminal Justice explores all aspects of crime and criminal behavior by relying on interdisciplinary study within the fields of sociology, psychology, economics, political science, statistics, anthropology, and criminology, to provide students with a well-rounded liberal arts education. Courses will prepare students and professionals alike for graduate study or law school, and for careers in social work, corrections, victim advocacy, policing at the local, state and federal level, public policy, and much more! Students have the option to pursue certificates in: Courts, Law and Society, Criminal Justice and Psychology Studies, Juvenile Justice, Law Enforcement, and/or Victim and Victim Services. CU Denver's School of Public Affairs (SPA) offers both a Bachelor of Arts in Criminal Justice and a Master of Criminal Justice mostly on- campus, online, and occasionally in remote and hybrid formats. Highly-qualified, eligible undergraduate students are provided the unique opportunity to begin working on their Master of Criminal Justice degree as an undergraduate in our BA/MCJ Pathways program.

### COURSEWORK THAT CAN BE COMPLETED AT PREVIOUS INSTITUTION

The following is a “bucket” of requirements students can complete prior to transferring to CU Denver, including equivalent Colorado Community College System (CCCS) courses. To determine the equivalencies of courses to be completed at non-CU Denver institutions, students can visit [www.transferology.com](http://www.transferology.com). It is critical for students to connect with a CU Denver academic advisor to ensure planned courses will transfer and apply to CU Denver degree requirements. All non-CU Denver coursework must be completed with a C- or better to be eligible for transfer.

Students interested in completing an Associate (A.A. or A.S.) Degree or a [Colorado Statewide Transfer Articulation Agreement or Degree with Designation \(DWD\)](#) must work with their community/junior college academic advisor to create an academic plan that accounts for all degree or transfer articulation agreement requirements. Colorado Community College Students may also explore the option to complete [Reverse Transfer](#) at CU Denver.

## SAMPLE PLAN – COURESWORK TO BE COMPLETED AT CU DENVER

Based on successful completion of 60 applicable transfer credits and the complete “bucket” of requirements outlined above, students would have the following remaining to complete at CU Denver. At CU Denver, students must tailor this plan based on the evaluation of previously completed college coursework (e.g., AP, IB, CLEP, dual/concurrent enrollment, and transfer credit), course availability, individual preferences related to course load, summer term courses, part-time or full-time student status, or add-on programs such as minors or double-majors.

Note: this plan assumes students have completed the SPA Foreign Language proficiency requirement. Students who have not fulfilled this requirement must work with a CU Denver SPA Academic Advisor to modify this plan. (Students must demonstrate foreign language proficiency through a 2<sup>nd</sup> semester college- level course equivalent (e.g., SPA 1012 or ASL 1122), proficiency testing through CU Denver’s Department of Modern Languages, or submitting their high school transcript demonstrating completion of a 2<sup>nd</sup> year (Level II) high school course with a minimum grade of “C-” (1.7) in the 2<sup>nd</sup> semester of the 2<sup>nd</sup> year). Students are strongly encouraged to submit their high school transcripts during the admission process for quick evaluation of foreign language completed in high school.

This sample plan will adjust accordingly depending on what electives a student completed while at community college. Students will work directly with their academic advisor to determine how many general electives they have left once they are admitted to CU Denver. The number of general electives can also change depending on whether the students has completed the SPA Foreign Language requirement. While not required, students are encouraged to pursue a minor or concentration as a way to structure their general electives. Common minors include Business Fundamentals, Communication, English, Ethnic Studies, History, Human Development & Family Relations, Law Studies, Philosophy, Political Science, Psychology, Public Service, Sociology, and Spanish. Criminal Justice students have the option of two concentrations: Law Enforcement and Victims and Victim Services. Neither concentration is required. Students may complete none or many minors and/or concentrations that fit within their remaining degree requirements.
